Detail-oriented and results-driven Civil Engineer with over **3 years** of experience specializing in **construction management** and **civil engineering projects**. Proficient in **AutoCAD**, **Microsoft Excel**, and **site execution**, with a solid background in **water authority projects** and **sustainable infrastructure development**. Demonstrated success in **project coordination**, **site supervision**, and **quality control**, **construction delays**. Skilled in **drafting**, **planning**, and **implementing engineering solutions** while maintaining **safety** and **quality standards**. Adept at collaborating with **project managers**, **contractors**, and **stakeholders** to ensure timely project completion..

AREA OF EXPERTISE

- AutoCAD
- Microsoft Excel
- Site Management
- Water Supply System Design
- Structural Analysis
- Project Coordination
- Quality Control
- Surveying & Measurement
- Team Collaboration
- Problem-Solving
- Communication
- Leadership
- Attention to Detail
- Adaptability
- Time Management
- Decision Making

PROFESSIONAL EXPERIENCE

Kerala Water Authority Civil site Engineer

May 2022 - 2024

- **Led the implementation** of multiple projects under the **Jal Jeevan Mission**, achieving a significant increase in community access to clean water through **sustainable water management solutions**.
- **Successfully planned, executed, and evaluated** water supply system projects, improving efficiency and contributing to the completion of a **1000MLD capacity drinking water tank**.
- Utilized **AutoCAD** for precise drafting and layout design of water system infrastructure.
- Managed **data reporting and project tracking** using **Microsoft Excel** to ensure seamless project execution and adherence to deadlines.
- Supervised contractors, ensuring compliance with safety standards, quality measures, and project specifications.
- Conducted **regular rechecks of contractor measurements**, ensuring accuracy and maintaining project quality.

Anarc Builders Civil Site Engineer

2021 - 2022

- **Assisted in site management and monitoring** during construction, ensuring strict **compliance with safety and quality standards**, leading to improved project timelines and reduced risks.
- **Collaborated with project managers and contractors**, facilitating seamless operations and effectively resolving on-site challenges, resulting in improved coordination and faster decision-making.
- **Conducted regular inspections** and implemented **quality control measures**, contributing to a **15% reduction in construction delays** and ensuring timely project completion.
- **Coordinated with suppliers and subcontractors** to ensure the timely delivery of materials and resources, optimizing project efficiency.

- **Reviewed construction plans** and ensured all activities adhered to **design specifications**, mitigating errors and ensuring high-quality execution.

MAJOR PROJECTS

- Led the structural analysis and design compliance assessment for the Chengannur Taluk Office project, ensuring adherence to engineering standards and structural integrity.

EDUCATION

Bachelor of Technology in Civil Engineering

2021

College Of Engineering Aranmula

CERTIFICATIONS

- AutoCAD

ADDITIONAL INFORMATION

- **Languages known** : English, Hindi, Malayalam
- **Software proficiency: AutoCAD, MS Office (Word, Excel)**
- **D.O.B** : 14-08-1999
- **Nationality** : Indian
- **Passport Details** : Passport No – W2835232, Passport Expiry - 02-08-2032
