SKILLS

- Safety Leadership:** Directing site operations by implementing rigorous safety protocols to maintain a zero-incident environment.

PROFILE SUMMARY

QHSE Supervisor with over 6 years of experience specializing in construction and infrastructure projects across Saudi Arabia. Expert in implementing comprehensive HSE procedures, monitoring large-scale site activities, and ensuring strict compliance with safety regulations and client requirements. Highly competent in performing detailed risk assessments, hazard identification, and leading incident investigations to minimize workplace risks. Proven track record in conducting impactful toolbox talks and safety training sessions to foster a proactive safety culture. Committed to maintaining a zero-incident working environment through rigorous safety management and site audits.

CAREER HIGHLIGHTS & ACHIEVEMENTS

- Successfully managed HSE compliance for major projects including NEOM, Riyadh Metro, and Saudi Aramco initiatives.
- Awarded NEBOSH International General Certificate with Credit in 2022.
- Completed multiple 30-hour OSHA Professional Development Programs in General Industry and Construction Safety.
- Achieved distinction in OSHAcademy training through Ishtar for Training and HR Development.

EXPERIENCE

Saudi Elaf Construction & Engineering | Riyadh & Tabuk, KSA January 2025 to April 2026

Responsibilities:

- Ensure full compliance with HSE policies, procedures, and local safety regulations across site operations.
- Conduct regular site inspections and safety audits to identify and mitigate potential workplace hazards.
- Identify emerging hazards and implement immediate control measures to ensure worker safety.
- Lead daily toolbox talks and comprehensive safety training sessions for onsite personnel.
- Monitor the consistent use of Personal Protective Equipment (PPE) and safe work practices.
- Investigate all incidents, accidents, and near misses to determine root causes and prevent recurrence.

First Fix Construction | Neom City & Ammala Project Red Sea June 2023 to November 2024

Responsibilities:

- Ensure all MEP activities including cabling, piping, and ducting comply with established HSE standards.
- Conduct routine site inspections to identify hazards specifically related to electrical and mechanical work.
- Monitor safe installation practices for high-risk tasks such as work at height and lifting operations.
- Enforce proper use of PPE and maintain high standards of housekeeping in cable trays and duct areas.
- Lead specialized toolbox talks focused on MEP risks including electrical shock and manual handling.
- Report and investigate site incidents while maintaining detailed compliance documentation.

FAST Construction | Riyadh Metro Line-05, KSA May 2022 to April 2023

Responsibilities:

- **Proactive Safety Culture:** Establishing a preventative mindset across the workforce to identify and mitigate risks before accidents occur.
- **Conflict Resolution:** Managing onsite safety disputes and compliance issues professionally to ensure uninterrupted project progress.
- **Communication & Coordination:** Liaising effectively between project management and field teams to align safety goals with operational targets.
- **Personnel Mentoring:** Providing hands-on guidance and training to junior staff and workers to enhance their technical safety knowledge.
- **High-Pressure Decision Making:** Evaluating critical site hazards quickly to implement immediate corrective actions during emergency situations.
- **Operational Safety:** Oversight of day-to-day construction activities to ensure all machinery and man-hours meet regulatory standards.
- **PPE Enforcement:** Monitoring and ensuring the 100% correct usage of personal protective equipment by all staff and subcontractors.
- **Safety Induction:** Conducting comprehensive onboarding sessions to familiarize new employees with project-specific hazards and rules.
- **Subcontractor Management:** Auditing third-party safety performance to ensure external teams strictly adhere to the primary HSE plan.

PERSONAL DETAILS

- **Visa Status:** KSA Work Visa (Transferable)
- **Nationality:** Pakistani

LANGUAGES

- English
- Arabic
- Hindi
- Urdu

- Ensure compliance with company HSE policies and Saudi regulations for the Riyadh Metro Project Line 5.
- Perform regular site inspections to identify hazards and ensure the implementation of corrective actions.
- Review and implement Job Safety Analysis (JSA) and detailed risk assessments for all site activities.
- Deliver tailored HSE training and toolbox talks to both workers and supervisors.
- Analyze incidents, accidents, and near misses to improve overall site safety performance.
- Ensure all high-risk activities are executed under an approved Permit to Work (PTW) system.
- Monitor and enforce the correct usage of Personal Protective Equipment (PPE) at all times.

Power China Co, PCC | Neom Community - 2 (NC-2), KSA

April 2021 to April 2022

Responsibilities:

- Implement and enforce NEOM and company HSE standards and procedures across the community project.
- Conduct daily inspections to ensure timely corrective and preventive actions for identified hazards.
- Monitor construction activities to ensure compliance with approved method statements and risk assessments.
- Conduct safety inductions and awareness sessions for all workers and project subcontractors.
- Review Permit to Work (PTW) systems for high-risk activities such as lifting and hot works.
- Assist in preparing safety documentation, including JSAs and comprehensive risk assessments.

NSH (Naseer Saeed Al-Hajri Co) | Jeddah, KSA

December 2019 to April 2021

Responsibilities:

- Monitor HSE policies and procedures in strict compliance with Saudi Aramco requirements.
- Report unsafe acts and conditions through routine site inspections with documented follow-up actions.
- Assist in the preparation and review of Job Safety Analysis (JSA) for various industrial tasks.
- Deliver safety inductions and daily safety briefings to the workforce to maintain awareness.
- Maintain adequate stock of PPE on site and ensure its proper usage by all personnel.
- Monitor the permit-to-work (PTW) system to ensure all site activities are properly authorized.
- Support emergency response activities, including first aid arrangements and safety drills.
