International Halal Inspection and Certification
الهيئة العالمية لمراقبة و شهادات الحلال
International Halal Inspection and
Certification, Pakistan

IHIC (International Halal Inspection and Certification) is a pioneer in halal food Certification, a Shariah Standards Based project in Pakistan food industry, focusing on training & development, Certification and consulting. Serving both, public and private sectors through various development activities. IHIC offers skill-based training programs to help the individuals and the organizations to identify and harness their potential leading towards exceptional achievement and success at both individual and organizational levels.

Duties performed:

- Developing high quality business strategies and plans ensuring their alignment with short-term and long-term objectives

- Leading and motivating subordinates to advance employee engagement to develop a high performing managerial team
- Overseeing all operations and business activities to ensure they produce the desired results and are consistent with the overall strategy and mission
- Enforced adherence to legal guidelines and in-house policies to maintain the company's legality and business ethics
- Review financial and non-financial reports to devise solutions or improvements
- Build trust relations with key partners and stakeholders and act as a point of contact for important shareholders
- Negotiate and approve contracts with vendors and suppliers, federal and state agencies, and other relevant organizations in order for business to operate efficiently on a daily basis.
- Oversee the conduction of market research studies to determine what customers want from the company, and then create and implement plans to provide services and products based on research findings.
- Represented the organization at city and state events and meetings to ensure the public knew the organization was involved in the community and putting their best interests first.
