

# Naveed Anjam

MEDICAL LABORATORY TECHNICIAN, SCFHS LICENSE

Jeddah, transferable Iqama | 0506905397 | [naveedanjam483@gmail.com](mailto:naveedanjam483@gmail.com)

## Objective

---

Hardworking medical laboratory technician bringing 5 years of expertise in molecular biology, microbiology, chemistry, immunology, clinical pathology, hematology, blood bank, serology testing. Skilled multitasker with excellent communication and problem-solving skills. A proven history of maintaining equipment and lab areas in alignment with regulatory guidelines.

## Experience

---

**Ittehad medical and diagnostic complex karak | medical laboratory technologist April /2022-May/2024**

- Followed safety protocol to maintain 100% safe and secure lab environment.
- Received and prepared specimens for testing, performed and observed chemistry, hematological, biochemical, blood bank, molecular biology, microbiology, immunology, clinical pathology and other requested tests on patients' specimens and correctly recorded the result.
- Performed comprehensive analysis for 300+ patient's samples daily.
- Collaborate with healthcare professionals to interpret test result and provide accurate and timely report
- Proficient in use laboratory information system (LIS) for data entry, retrieval and record keeping
- Documented all actions and took corrective measures when necessary.
- Actively participate in continues quality improvement
- Trained and supervised junior laboratory staff.

**The Biogene lab & diagnostic | medical laboratory technologist Feb/2020-March/2022 Molecular biology**

- Preparation of samples for molecular analysis
- RNA/DNA extraction, Amplification and Interpreted test information to resolve design related problems
- Such as HBV, HCV, HIV, COVID 19, MTB, BCR ABL, HLA, HSV, CMV etc.
- Both conventional and real time PCR expertise
- Maintain record for Audit

### **Microbiology**

- Samples inoculation, Media preparation, Gram staining, microscopy, biochemical testing and antibiotics susceptibility testing.

### **Immunology, Manual ELISA, Special hematology and chemistry**

- Received and prepared specimens for testing, performed, observed and result interpretation.
- Stock and record management for Audit

### ☐ **Clinical Pathology**

- Analysis of Urine, stool, semen sample interpretations and query solving
- Stock and record maintenance

**Khyber teaching hospital Peshawar | medical laboratory technologist June/2016-Aug/2016**

- Conducted routine and specialized laboratory tests including but not limited to blood count urine analysis and coagulation studies.
- Operated and maintained laboratory equipment, ensuring accuracy and reliability for tests results.
- Participated in the development and implementation of new laboratory procedures.

- Maintained inventory of laboratory supplies and order replenishments as needed.
- Successfully implemented a new laboratory protocol, resulting in a 20% increase in efficiency.
- Conducting a wide range of laboratory tests and experiments to support ongoing research projects.

**PCMS KMU Affiliated college of health sciences | Lecturer March/2022-April/2025**

- Delivered lectures across pathology subjects
- Prepared and delivered lectures on diverse topics related to biological sciences

## **Education**

**Hazara University MS medical laboratory science** **2020**

Major: Microbiology | Minor: Biochemistry, bacteriology

**KUST University BS honor degree in medical laboratory science** **2017**

Major: Microbiology | Minor: clinical chemistry, Hematology

## **Skills & abilities**

---

- Laboratory Techniques
- Automated analyzer operation
- Data Analysis
- Quality Control ISO 15189
- Record Keeping
- Safety Protocols
- Instrumentation Proficiency
- 

### **Research and Publication:**

(A) MPhil Research Topic

**Isolation and identification of streptococcus thermophilus isolated from buffalo fecal samples**

[B] Publication

In progress

### **Languages:**

- Urdu (Native)
- English (Advance)
- Arabic (beginner)
