Riyadh, Saudi Arabia

Dear Hiring Manager,

I am writing to express my interest in applying for a position as an Architectural Engineer within your esteemed organization. With more than four years of professional experience in architectural design, site supervision, and project execution across residential, commercial, and governmental projects in Saudi Arabia, I am confident in my ability to contribute effectively to your team.

Throughout my career, I have gained extensive experience in executing finishing works, reviewing and developing technical drawings, and ensuring full compliance with building codes and safety regulations. I have successfully coordinated with consultants, contractors, and multidisciplinary teams to deliver projects that meet both quality standards and strict deadlines. My technical proficiency includes advanced use of AutoCAD, Revit Architecture, Lumion, Adobe Photoshop, and Microsoft Office applications, which support my ability to deliver accurate designs and efficient project management.

In addition to my technical expertise, I bring strong problem-solving skills, adaptability, and the ability to lead and work within teams effectively. I hold a Bachelor's Degree in Architectural Engineering from Dar Al Uloom University, graduating with an Excellent Standing and Second-Class Honors, which reflects both my academic commitment and practical capabilities.

I am eager to bring my knowledge and dedication to your organization, contributing to the successful completion of projects while upholding the highest professional standards. I would welcome the opportunity to discuss how my qualifications align with your organization's objectives.

Thank you for considering my application. I look forward to the possibility of contributing to your team's success.

Sincerely,

Ahmed Mohamed El-Bishbeshi
