## Professional summary

---

Highly motivated and compassionate General Practitioner with solid clinical experience in emergency medicine and orthopaedics. Proven ability to manage acute and chronic medical conditions in fast-paced clinical settings, with strong skills in patient assessment, triage, and initial stabilisation. Experienced in delivering comprehensive, patient-centred care to diverse populations, including paediatric, adolescent, and elderly patients.

Demonstrates excellent clinical judgment and the ability to make timely, effective decisions under pressure. Known for building strong patient relationships through empathetic communication, ensuring high levels of patient satisfaction and improved clinical outcomes. A collaborative team player with experience working alongside multidisciplinary teams to deliver safe, evidence-based care.

Certified in Basic Life Support (BLS) and Advanced Cardiovascular Life Support (ACLS), with a valid professional classification from the Saudi Commission for Health Specialties (SCFHS). Committed to continuous professional development and applying a holistic approach that addresses both physical and mental well-being. Eager to contribute effectively within a dynamic healthcare environment and further develop clinical expertise
