PROFESSIONAL SUMMARY

- Strategic finance professional with 7+ years of progressive experience in corporate valuation, transaction advisory, and financial modelling across diverse industries and geographies (India and Saudi Arabia)
- Provide in depth FP&A to support management decision.
- Developed and maintain detailed financial models for acquisition, development, and leasing scenarios. Evaluate investment performance metrics such as IRR, NPV, cash flow projections, and sensitivity analyse. Support the annual business planning process, prepare budgets and performance forecasts for properties and portfolios, and track variances against actual performance. Assist in transaction structuring, due diligence, valuation, and preparation of investment memorandums.
- Hands-on experience and proficiency delivering actionable financial insights to drive strategic decisions for real estate finance and corporate valuation, budgeting, forecasting, cash-flow management, and financial reporting
- Skilled in designing complex financial models under ASC 820, ASC 718, ASC 350/360, 409A, (US-GAAP) and regulatory frameworks like audit-ready reports that accelerate client approvals, improve compliance
- Solid ability to mitigate risk in multi-million-dollar deals, optimize capital allocation, and improve reporting accuracy for leadership decision-making
