🛡 Exempted

Profile

Versatile and detail-oriented graduate with a solid foundation in Business Information Systems and hands-on experience in data-driven projects, database design, and web/mobile development. Known for delivering well-structured solutions across multiple domains and for a strong ability to learn and adapt in dynamic environments.

Education

10/2021 – 06/2025	B.Sc. in Business Information Systems (BIS)	GPA: 3.1,
Smart Village, Egypt	Arab Academy for Science, Technology & Maritime Transport	

Professional Experience

Giza, Egypt	Audit Data Analyst & IT Audit (Internship) , BDO Jul 2024
	Conducted IT environment assessments, gathered documentation, and implemented data-driven audit procedures. Analyzed data using SQL, Python, and IDEA, and delivered actionable insights through reports and dashboards using Power BI and Tableau.

Projects

Full-Stack Web Inventory System

Developed and deployed an inventory tracking web app with backend integration and user-friendly interface, reducing tracking errors.

Database Management System Design

Examined past marketing data to assess the rate of customer attrition within the company. Utilized customer churning data to identify the underlying reasons for customer loss and provide recommendations.

Academic Analytics Dashboard (Power BI)

Developed a Power BI dashboard to analyze academic performance and mental health metrics, using DAX to deliver KPIs that supported informed decision-making.

Fix N Go – Mobile App (Flutter)

Built a car rescue mobile app using Flutter and Supabase with real-time tracking, user authentication, and dynamic service filtering.

Skills

Python SQL HTML CSS	Power BI & Tableau
Flutter & Supabase	Data Analysis & Cleaning
UI/UX Principles	Relational Databases
Dashboard Reporting	Microsoft Office Suite (Excel, Outlook,)

Languages

Arabic Native	English B2	German A2
