WORK EXPERIENCE

Welkinwits Technologies LLP | Web Developer

July 2023 - October 2024

- **Designed, developed, and deployed responsive websites** using modern web technologies to improve user experience and drive client engagement.
- **Managed cPanel** for hosting configuration, email account setup, DNS management, and server administration, ensuring efficient and reliable IT operations.
- **Administered web hosting platforms**, including Hostinger, SiteGround and GoDaddy, achieving 99.9% uptime and resolving technical issues swiftly.
- **Performed hosting maintenance activities**, such as domain renewals, domain purchases, SSL installations, and website migrations, ensuring seamless transitions and uninterrupted services.
- **Configured and implemented professional email solutions** (e.g., Zoho Mail) to establish secure, scalable, and reliable communication infrastructures.
- **Provided technical support and mentorship to junior developers**, fostering skill development and ensuring adherence to best practices in coding, debugging, and project management.
- **Proactively monitored and troubleshooted hosting environments** to maintain optimal performance, reduce downtime, and improve scalability.
- **Collaborated with cross-functional teams** and clients to identify technical requirements, deliver tailored solutions, and align IT operations with business goals.

Quest Innovstive Solutions Pvt. Ltd | Trainee Software Engineer

January 2023 - July 2023

- **Designed, developed, and deployed Python-based software solutions**, showcasing advanced programming skills, problem-solving abilities, and expertise in software development lifecycle (SDLC).

Freelance Web Developer

Kamyaka Homestay Booking Portal

- **Designed and developed a web portal for booking homestay rooms** using PHP, improving accessibility and user convenience.
- **Implemented a dynamic calendar view** to display booking availability, enabling users to easily identify and select available dates, enhancing the overall booking experience.
- **Integrated Twilio messaging services** to create an automated notification system that sends booking details via WhatsApp to users and homestay owners, streamlining communication and improving user satisfaction.
- **Collaborated with cross-functional teams** to ensure seamless integration of features and optimize system performance.

Academic Project

Sign Chat

- **Developed SignChat**, a Java-based web application designed to facilitate communication between deaf/sign language users and English-speaking individuals.
- **Implemented multi-language support**, enabling seamless interaction through English and sign language, addressing accessibility needs within deaf communities.
- **Integrated real-time chat functionality**, enhancing user engagement and promoting inclusive communication experiences.
- **Designed user-friendly interfaces**, to ensure accessibility and usability for individuals with diverse communication preferences.
- **Collaborated with stakeholders**, to identify requirements and deliver innovative solutions tailored to the needs of the deaf community.

CERTIFICATIONS

- **3-Month Internship Certification in Python Full Stack Development**
- **Certification in Full Stack Development with React & Drupal**
