## PROFESSIONAL SUMMARY

Self-motivated Frontend Developer with 5.5+ years of experience building fast, responsive web and mobile apps using React.js, React Native, Redux Toolkit, and Tailwind CSS. Skilled in Context API, Hooks, and creating reusable, scalable components with modular architecture. Proficient in Figma-led UI/UX, RESTful API integration, and state management. Experienced in performance optimization via lazy loading, code splitting, and SEO best practices. Adept at cross-browser and cross-platform development, ensuring WCAG-compliant accessibility and seamless collaboration in Agile teams using Git and CI/CD workflows.

## SKILLS

- HTML5, CSS3, JavaScript (ES6+)
- Redux Toolkit, jQuery, Tailwind CSS, Bootstrap
- Responsive Web Design (RWD)
- Axios, Fetch API, Async Data Flow, Git, GitHub
- Agile/Scrum, CI/CD, Lazy Loading
- SEO Optimization, Performance Tuning
- Frontend Architecture, Analytical Problem Solving

- TypeScript, React.js, React Native
- Figma (UI/UX, Wireframing, Prototyping)
- WCAG Accessibility, RESTful APIs
- Bitbucket, VS Code, Chrome DevTools
- Code Splitting, Reusable Components
- Cross-Platform Development
- Team Collaboration, Clean Code Practices

## WORK EXPERIENCE

**Frontend Developer — Contractual**, 08/2024 - Current

**AIG Integrators** – Houston, USA (Remote)

- Developing scalable web applications using React.js and Redux Toolkit with component-driven architecture.
- Designing and implementing clean, responsive user interfaces using TailwindCSS and mobile-first design principles.
- Managing UI/UX design independently with Figma — including wireframes, user flows, and interactive prototypes.
- Integrating RESTful APIs and ensuring high performance, accessibility (WCAG compliance), and code maintainability.

- Collaborating remotely with backend engineers and product stakeholders in Agile sprints using Git and Jira.

**Software Engineer (UI)**, 03/2023 - 12/2023

**Bold Technology Systems Pvt. Ltd.** – Noida, India

- Implemented dynamic frontend using React and Redux Toolkit for high-traffic enterprise applications.
- Translated complex UI/UX designs into performant, reusable components and interactive features.
- Enhanced frontend modularity, improved load times, and ensured compatibility across browsers and devices.
- Contributed to accessibility, localization, and testing of UIs for large-scale deployment environments.
- Developed reusable components that significantly reduced development effort on multiple projects.
- Participated in code reviews, identifying potential areas of improvement for better maintainability and readability of codebase.

**Associate Frontend Developer**, 03/2022 - 12/2022

**Orangemantra** – Gurgaon, India

- Crafted adaptive web interfaces using Bootstrap and custom media queries.
- Enhanced ADA-compliant accessibility and integrated multi-language support across responsive platforms.
- Optimized UX with intuitive interactions, hover effects, and fast-loading components for enhanced engagement.
- Mentored junior developers on best practices in HTML, CSS, and JavaScript coding techniques, fostering a culture of collaboration within the team.
- Maintained up-to-date knowledge of emerging front-end technologies, sharing insights with team members and incorporating new tools to improve development workflows.

**UI Developer**, 02/2019 - 03/2022

**Kwality Tech IT Services Pvt. Ltd.** – Noida, India

- Developed and deployed multiple client-facing UI projects using HTML, CSS, and React.js.
- Actively participated in UI/UX brainstorming sessions and integrated Chart.js for data visualization solutions.
- Improved accessibility by implementing WCAG-compliant features, making applications usable for all users regardless of ability or disability status.
- Integrated UI features complying with prescribed code standards and technical design guidelines.
- Optimized web applications for speed, scalability and security.
- Completed full redesigns of existing websites to improve navigation, enhance visuals and strengthen search engine rankings.

EDUCATION

**Master of Computer Applications**: 2016

**Dr. A.P.J. Abdul Kalam Technical University** - Lucknow, India

**Bachelor of Computer Applications**: 2013

**Chaudhary Charan Singh University** - Meerut, India
