OBJECTIVE:

To work in an institution that offers a creative, dynamic, and professional environment where my education, training, professional skills, and proven abilities can be fully applied. To share the knowledge and skills that I learned, and to gain an experience that will enhance myself as a human being.

QUALIFICATIONS PROFILE:

- Competent in adaptability, safety awareness, problem-solving, interpersonal and communication skills.
- Proficient in MS Office applications.
- Inspected and evaluated workplace conditions to identify potential safety concerns and hazards.
- Assist in implementing and monitoring safety protocols to ensure the well-being of crew and operational efficiency of the vessel.
- Assisting in the technical and operational training of crew members to enhance their skills and ensure adherence to industry standards.
- Conducting regular inspections of vessels to assess their condition and ensure compliance with safety regulations.
- Overseeing scheduled maintenance and urgent repairs, liaising with contractors and suppliers to obtain necessary parts and services.
- Preparing reports on the vessel’s operational status, maintenance activities, and any incidents or accidents, reporting back to senior management and relevant stakeholders.
- Assist in coordinating with maritime regulatory bodies to ensure the vessel meets all required certifications and inspections.
- Investigated accidents and incidents to determine the root cause and suggest corrective and preventive measures.
- Evaluating suppliers, comparing their products, prices, and services.
- Maintaining and updating supplier information such as qualifications, delivery times, product ranges, etc.
- Reviewing quality of purchased products and resolving any discrepancies.
- Finding and listing suppliers then negotiate deals and build relationships.
