State, Nigeria

## PROFESSIONAL SUMMARY

Flexible, enthusiastic and dedicated professional Radiographer with 5 years work experience in diagnostic radiography. Expertly performed a wide range of diagnostic imaging procedures, including X-ray, CT, MRI, Fluoroscopy, Intraoral and extraoral dental radiography, ensuring optimal image quality and patient safety. Implemented and adhered to strict radiation safety protocols, reducing unnecessary exposure for patients and staff by 25%. Collaborated with multidisciplinary teams to optimize imaging protocols, resulting in a 30% reduction in scan times without compromising diagnostic quality. Mentored and trained junior radiographers, fostering a culture of continuous learning and professional development within the department. Actively participated in quality assurance programs, contributing to the maintenance of high imaging standards and departmental accreditation. A Productive employee, strong communicator and supportive collaborator with problem-solving capabilities. A high achiever, cost-conscious, with proven track record of improving departmental efficiency by 40% within 6 months while maintaining high-quality patient care. Adept at leveraging advanced imaging technologies, implementing radiation safety protocols, and collaborating effectively in multidisciplinary healthcare teams. Committed to continuous professional development and staying current with emerging trends in medical imaging. Upholding the departmental policies and professional ethics. Fully aware of the key core values in the Healthcare.

## EDUCATION

January, 2018	<b>Bayero University, Kano -Nigeria</b> B. Radiography (Degree) Upper Division Second Class Honours, CGPA: 4.19
April, 2013	<b>Bayero University, Kano</b> B.Sc Zoology (Degree) Upper Division Second Class Honours, CGPA: 4.19
June, 2008	<b>Government Day Secondary School Adewole Estate, Ilorin</b> National Examination Council (NECO -SSCE) Mathematics C4, English C6, Biology C5, Physics C4, Chemistry C5, Geography C6, Economics C5, Agricultural Science C6, Yourba C6,

## ADDITIONAL QUALIFICATIONS, TRAINING AND CERTIFICATIONS

- SafeaLife BLS Certification (2025).  
Postgraduate Institute for Medicine/National Health Care Provider Solutions
- SafeaLife ACLS Certification (2025).  
Postgraduate Institute for Medicine/National Health Care Provider Solutions
- Update Course on Intravenous Cannulation and Injection of Contrast Media  
Nigerian Institute of Radiography/Radiographers Registration Board of Nigeria (2025)
- Radiation Dose Management in CT  
International Atomic Energy Agency (2024)
- Joining the UK Workforce  
Health and Care Professional Council (2024)
- International English Language Testing System. (2024)  
Listening 7.5, Reading 6.5, Writing 6.5 and Speaking 6.5 Overall 7.0, CEFR Level C1
- CPR, AED and First Aid Certification  
National Health Care Provider Solutions (2023)
- Introduction to Artificial Intelligence Certification  
RAD-AID INTERNATIONAL (2021)
- Postgraduate Certificate in Obstetrics and Gynaecology Ultrasonography  
Nigerian Institute of Radiography/Radiographers Registration Board of Nigeria (2018)

## EXPERIENCE

September,  
2020 - Till  
date

### **University College Hospital, Ibadan -Nigeria.**

Rotational Diagnostic Radiographer

In my clinical work experience, I have gained extensively in performing plain film radiography, CT, MRI including chest, abdominal, musculoskeletal, and skeletal imaging, enabling me to achieve and deliver high quality images with accuracy and efficiency.

Throughout my career and training, I actively demonstrate good knowledge and expertise in various radiographic procedures and equipment such as follows; General radiography including the imaging procedures of (skull, sinuses, upper and lower extremities, spines, abdomen and pelvis.) without supervision. Special fluoroscopic X-ray investigations such as HSG, IVU RUG, MCUG, Barium studies and in addition, theatre procedures using C-arm fluoroscopic unit. CT scan procedures including routine such as; Brain, Chest, Extremities, Abdomen & Pelvic CT scans, CT scan of Trauma/A&E patients, contrast enhanced and dynamic studies such as CT angiograms (Coronary, Cardiac, Pulmonary, Renal, Carotid and Circle of Willis, and Peripheral Angiograms), CT Urogram, Colorectal scans, CT Guided Biopsy, Pediatric CT scan and Musculoskeletal CT scan. I practice IV cannulation which I acquired during my course of training and also at the in-service training conducted by my current place of work. I am familiar with several X-ray machine models: ceiling-suspended, floor mounted and mobile X-ray machines, GE, AGFA and Fuji, Computed and Direct Digital Radiography processing systems. Various imaging modalities such as Computed Tomography (GE 16 and 64 slice Phillips 16 slice CT scanner), static and mobile x ray units, Computed and Direct Digital Radiography System, Magnetic Resonance Imaging (1.5 Tesla) and Ultrasonography

November,  
2019 -  
August,  
2020

### **Federal Medical Centre, Nguru -Nigeria**

Locum Radiographer

-I used my clinical judgement to position patients for x-ray, MRI, mammographic and CT procedures on various equipments to capture best diagnostic images.

-I facilitated training and career development for junior radiographers, producing high-performing diligent radiology teams.

-I engaged and collaborated in the review of radiographs for image quality and sent for physician review.

-I kept RAD equipment, dark-room and supplies tidy and organised.

February  
2019 -  
October  
2019

### **Temitope Hospital Ilorin**

Sonographer (Obstetrics and Gynaecology)

- I was responsible for conducting ultrasound scans to monitor and assess the health of pregnant women and diagnose gynecological conditions including evaluating fetal development, identifying complications like ectopic pregnancies or abnormal growth, and ensuring accurate diagnosis of conditions such as fibroids, ovarian cysts, or uterine abnormalities.

- I worked closely with obstetricians and gynecologists to provide essential diagnostic information that aids in patient care, ensuring the best possible outcomes for both the mother and baby.

-I was responsible for maintaining detailed patient records, documenting ultrasound findings, and providing patient education regarding the procedures and results.

- I ensured the proper functioning and maintenance of ultrasound equipment, adhering to safety standards to minimize any risks.

- I collaborated with the medical team to offer comprehensive care, assisting in procedures such as amniocentesis, and guiding patients through their treatment plans.

- Overall, my roles was vital in delivering high-quality, non-invasive diagnostic services to support patient health and well-being.

January,  
2018 -  
January,  
2019

### **Ahmadu Bello University Teaching Hospital, Zaria -Nigeria**

Intern Radiographer

- I worked with senior team members to develop practical knowledge and gain critical radiography-specific and new skills.

-I leveraged work-schedules productively with team members to achieve common goals.

-I engaged in training and seminars to enhance skills and promote career growth.

-I attended further training and Continued Professional Development (CPD) through ongoing rotation opportunities.

## ATTITUDES, BEHAVIOURS AND VALUES

\* I am committed to providing compassionate, patient-centered care, fostering a positive and respectful environment for both patients and colleagues. I prioritize professionalism and empathy, ensuring patients feel confident and cared for during imaging procedures.

\* I promote equality, diversity, and inclusion in my practice, advocating for an environment where everyone feels valued and respected. These values help me deliver the best possible care and outcomes by demonstrating empathy, maintaining professional standards, and ensuring a collaborative approach to patient care.

\* Clear and effective communication is central to my practice. I communicate with patients, their families, and multidisciplinary teams to ensure accurate interpretation and execution of imaging requests. I approach my work systematically, using initiative to manage my workload and remaining calm and professional in challenging situations. While I am capable of working independently, I thrive in team settings, understanding the importance of collaboration in healthcare.

\* I adhere to safety protocols, utilizing proper manual handling techniques to ensure patient safety. Reflecting on my practice, I regularly assess my skills and seek advice when needed, ensuring I make informed decisions related to imaging.

\* Driven by a desire for excellence in patient care, I have continuously developed my technical skills and adaptability to evolving technologies. I am eager to bring my dedication, skills, and collaborative spirit to your healthcare facility, contributing to a dynamic and innovative radiology team.

## REGISTRATION BODIES/MEMBER OF ASSOCIATIONS

- Health and Care Professions Council (HCPC)
- Radiographers Registration Board of Nigeria (RRBN)

## SKILLS

- Effective Communication
- Organizational, Leadership and Team Building
- Interpersonal Relationships
- Computer, Artificial Intelligence, RIS, HIS and PACS
- Safety
- First Aid, CPR and AED
- General Radiography, CT, MRI, Dental Radiography, Ultrasonography, Fluoroscopy and Angiography

## LANGUAGES

- English

## INTERESTS

- Keeping up to date, Reading, Exploring new skills,
